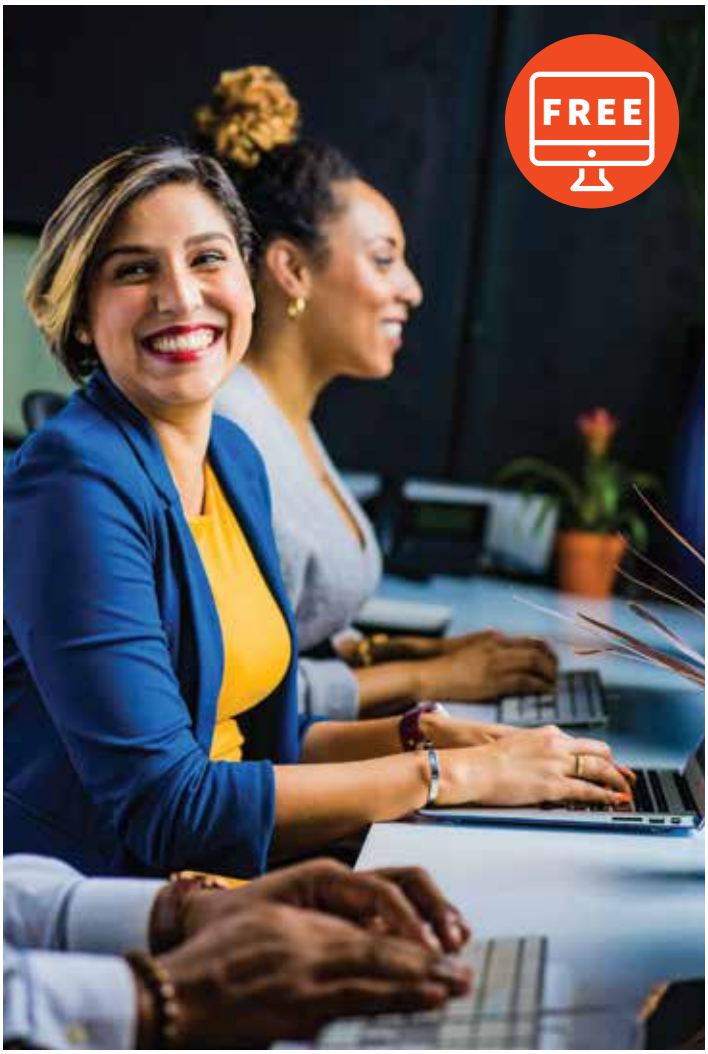
STRIVE powered by Google.org

STRIVE is a free professional development program for individuals who struggle to secure or retain living-wage employment. Participants will define their career goals and gain the confidence to seek higher-paying jobs, negotiate higher wages, pursue continuing education, or earn professional certification.

STRIVE, powered by Google.org, is for marginalized populations; people of color; women; and survivors of violence, crime, and bullying, who are seeking a professional development opportunity to increase professional interpersonal and technological skills for working in a digital world.



Call for class schedule or scan the QR code for more information.
