## **Observation Days**

- Only adults and other Y-Dancers are allowed in the studio for observation.
- No other children/siblings allowed.
- Because of the new renovation of our DVIPP facility, many staff have moved into the 605 building, thus leaving little room for scheduling. We are sorry the activities room will no longer be available for siblings.
- Please refrain from constant conversation while observing class.
- Please do not correct dancers during class. You may visit with your child's teacher afterwards if you have any questions.
- Video cameras are welcome and encouraged on observation days. Videotaping *from the back*, will aide your dancer in home rehearsal.
- Nothing other than water on the dance floor please.

## **Class Recommendation**

- For returning Y-Dancers, class recommendations are listed at the front desk.
- For those who may have taken a session or more "sabbatical" from Y-Dance, you need to visit with Ms. Walters to determine what class your dancer should enroll.
- For those new to Y-Dance, a beginning level is recommended to ensure the basics of our program are understood.
